Stock Market vs Forex Market

Category	Stock Market	Forex Market
Definition	Trading company shares	Trading global currencies
Market Size	Large, exchange-specific	Largest globally (6+ trillion/day)
Trading Hours	Exchange hours only	24/5
Volatility	Moderate	High
Liquidity	High, stock-dependent	Extremely high, consistent
Instruments	Stocks, ETFs, indices, derivatives	Currency pairs (majors, minors, exotics)
Influences	Earnings, industry trends	Rates, economic data, geopolitics
Risk Level	Generally lower	Higher, due to leverage
Accessibility	Country-regulated brokers	Global via online brokers
Best For	Long-term investors	Active/short-term traders

Affordable Plan Structure of PK Associate

Choose the investment package that fits your trading style and team goals

PK Associates offers flexible trading plans designed to empower both individual clients and team leaders. Whether you're focused on maximizing your personal trading returns or building a collaborative team structure, our plans are tailored to provide incentives for growth, performance, and long-term partnership.

PACKAGE 1: Standard Plan

Balanced growth for clients and team leaders

Standard Plan is a well-rounded trading plan designed to provide meaningful rewards to both clients and team leaders. It balances individual trading benefits with collaborative incentives, ensuring that everyone involved in the trading ecosystem experiences steady growth and motivation.

Purpose: To encourage collaboration and steady growth for both individual traders and team leaders.

Key Benefits:

- ▶ Rewards both clients and team leaders fairly
- ▶ Promotes teamwork and mentorship
- ▶ Ideal for steady, long-term trading strategies

Standard Plan Structure

Component	Percentage
Client Reward	3% per month
Team Leader Reward	1% per month

Example: A User invests \$1,000 in a trade.

Income Distribution:

- ▶ **Client receives :** 3% of profit → \$30
- ▶ **Team Leader receives :** 1% of profit → \$10

NOTE:

- ▶ Standard Package provides full flexibility, allowing investors to **withdraw 100% of their capital** at any time with complete ease.

PACKAGE 2: Premium Plan

Balanced growth for clients and team leaders

Premium Plan is designed for clients who want to maximize their personal trading returns while maintaining a minimal but present reward for team leaders. This plan prioritizes individual gains, allowing traders to benefit more from their performance and investment.

Purpose: To prioritize client profits while maintaining basic incentives for team leaders.

Key Benefits:

- ▶ **Maximizes client returns**
- ▶ **Minimal team leader allocation keeps focus on individual growth**
- ▶ **Encourages higher investment and active trading**

Premium Plan Structure

Component	Percentage
Client Reward	5.5% per month
Team Leader Reward	0.5% per month

Example: A User invests \$4000 in a trade.

Income Distribution:

- ▶ **Client receives :** 5.5% of profit → \$220
- ▶ **Team Leader receives :** 0.5% of profit → \$20

NOTE:

- ▶ Premium Package offers balanced withdrawals, giving investors access to **50% profit and 50% capital**.
